Dear Vicki and Jimmy,

It was so nice hearing from you last night. The weather is beautiful today and the temperature is about the same as yours.

I am sending you the recipe that I think looks elegant, but too complicated for me to tackle. I thought you might like to try it some time.

Dad has a very bad case of flu and this is the third day he has been in bed, altho he got up this morning and took a shower.

Did I tell you that Ruthie and Jack are flying to Wash D.C. as soon as school is out the first part of June. The children also. I wonder if we will be there then. I think I want to be.

Love,

Mom
